## RED ENVOY HAS DATE AT WHITE HOUSE

## BULLETIN

WASHINGTON (AP)—Soviet Ambassador Mikhail Menshikov met for 30 minutes today with President Eisenhower and reported afterward they had a very useful conversation. Menshikov brushed aside questions about whether his call dealt with the second time in three weeks of discussion of the Kremlin's proposal for an East-West foreign ministers meeting in April. The Soviet ambassador, who went to the White House alone, hinted that Eisenhower talked bluntly with him about Soviet problems with the West. "I found the President looking healthy, and he's very cheerful," Menshikov said. "He's frank and straightforward and openhearted—qualities we Russians like."

Secretary of State Dulles also sat in on the meeting.

WASHINGTON (AP)—Soviet Ambassador Mikhail Menshikov goes back to the White House today to press his campaign for closer Soviet relations with the United States.

Diplomats speculated that his visit with President Eisenhower and Secretary of State Dulles might be connected with Russia's new proposal for a summit conference of foreign ministers in April.

Foreign Minister Andrei Gromyko handed to U.S. Ambassador Llewellyn Thompson in Moscow the proposal for a foreign ministers meeting to discuss the time, place, participants and agenda for a summit conference.

## Seep Purchasing Agency Reduces Prices of Crude

OIL CITY, Pa. (AP)—The Joseph Seep Purchasing Agency of the South Penn Oil Co. today reduced the price of its Pennsylvania grade crude oil by 25 cents a barrel because of large crude oil inventories in the nation and similar cuts by the agency's competitors.

Just last Friday, the Quaker State Oil Refining Corp. announced a 25-cent-a-barrel cut in its Pennsylvania grade crude oil prices.

Seep's new prices per barrel are:

Bradford district oil in Bradford Transit Co., lines \$4.40; Bradford district oil in National Transit Co., \$4.40; middle district grade oil in National Transit Co. southwest division, \$3.99; Pennsylvania grade oil in Eureka Pipeline Co., \$3.75.

Seep said it posts no prices for Allegheny, Buckeye or Zanesville Pennsylvania grades and made no change for Corning, which is not a Pennsylvania grade.

## Field Wide Open as G.O.P. Leaders Gather for Meeting

## By BOB HOLTON

HARRISBURG (AP)—Republican leaders of Pennsylvania were called into a slate-making conference today with the field wide open for governor and other statewide offices at the May 20 primary.

The objective of the conference was to sound out sentiment among the leaders from across the state for the prized organization endorsement for the primary race.

The session was the first in the developing primary campaign to bring the local leaders together at the same time. Republican State Chairman George E. Bloom previously held a group of regional meetings and top-level leaders have gotten together several times without any indication of lining up an organization ticket.

As the conference opened, there was a wide range of active, potential or receptive candidates. The party leadership appeared agreed on one thing—opposition to

## River Thwarts Search for Bus Victims

Spectators line the banks of the Big Sandy river near Prestonburg, Ky., as dragging operations were made in efforts to locate the school bus which plunged into the flood-swollen stream. Thirteen children managed to escape from the vehicle before it sank, but the driver and 28 others perished, in what the National Safety Council describes as perhaps the worst school bus accident in the nation's history. The bus plunged over a 50-foot cliff after colliding with two other vehicles.

## Musmanno Disturbed Over Ike-Nixon Pact

PITTSBURGH (AP)—Justice Michael A. Musmanno of the Pennsylvania Supreme Court says it would be unconstitutional for the President of the United States to assign his duties to the vice president temporarily.

In a speech at the weekend dedication of a new United Steelworkers building at nearby Leechburg, Justice Musmanno said:

"I am disturbed by the report that President Eisenhower has an agreement with vice president Nixon—that in the event the president is unable to perform the functions of his office, for a limited period of time, the vice president will become acting president, allowing the president to resume the presidency when the disability ends."

## TV STATION PICKETED

PITTSBURGH (AP)—Pickets, identified as Hungarian refugees, clustered in front of a Pittsburgh television station yesterday while a Russian official appeared on a television show inside.

Andrei M. Ledovsky, counsel of the Soviet embassy in Washington appeared on WIC-TV's "Focus on Foreign Affairs" program which is sponsored by the Foreign Policy Assn. of Pittsburgh.

the candidacy of Harold E. Stassen for the GOP gubernatorial nomination.

A new name, that of Rep. John P. Saylor of Johnstown, was injected into the gubernatorial situation over the weekend.

"I'd be highly honored to run for governor of Pennsylvania, if the Republican party asks me," commented Saylor on a postcard boom launched on his behalf.

A number of other receptive candidates for governor also have declared they would run if assured of organization support. They include Judge Henry C. O'Brien, Pittsburgh; John M. Walker, Allegheny County commissioner, and State Sen. Douglas H. Elliott, Chambersburg.

The announced GOP candidates for governor in addition to Stassen are William S. Livengood Jr., former secretary of Internal Affairs, and Maj. Gen. Daniel S. Strickler, former lieutenant governor.

Prestonsburg, Ky. (AP)—Searchers swept Levisa Fork of Big Sandy River by boat and net today for bodies of 11 school children. Grief-stricken parents of 14 others killed in the nation's worst school bus tragedy began the sad task of preparing for funerals.

The body of a girl, as yet unidentified, was recovered early this morning. The body was found wedged against a log about a mile downstream from the bus.

The 16th victim recovered, was identified later by sobbing 18-year-old John Darby as his younger sister, Linda. Her body was found wedged against a log about a mile downstream.

Grim search for the bus ended yesterday after 55 hours. The battered yellow vehicle, filled with mud, was dragged out of the swift waters yesterday by bulldozers. It yielded bodies of 14 students and the driver. Eleven others are missing.

Powerful currents had tumbled the submerged vehicle 200 yards downstream since it rolled in Friday after collision with another vehicle.

For some of the 16 families involved, the vigil continued. At least seven of them had lost more than one child.

One coal miner who lost a son summed up the general feeling of this small mountain community:

"It was the worst shock I ever had in the world."

The body of the miner's son, 15-year-old James Ousley, had floated out a window of the bus submerged in 10 feet of water.

It was then that the bus was located. Navy divers attached cables and two bulldozers hauled it ashore.

Ten bodies were carried out gently and scraped free of mud that encased them. Workers had to chop through the side of the smashed bus and shovel out mud to reach five others.

Thousands of onlookers bared their heads as a mountain preacher voiced a brief prayer over a loudspeaker.

The bodies were taken to the Prestonsburg Armory, where parents identified them.

Private funerals were being arranged at three funeral homes.

Search for the missing 12 centers between the wreck scene and four miles downstream to a bridge at West Prestonsburg, where nets had been stretched across the river.

## Three Killed in Crash Near Erie on Sunday

ERIE, Pa. (AP)—Two women and a man were killed yesterday in a two-car collision on Route 20 just west of Fairview near Erie.

They were Francis B. Johnston, 36, of Wattsburg R.D. 5, his wife, Gladys, 30, and Mrs. Beverly Stevens, 31, of Girard R.D. 1. All were passengers in an auto driven by Mrs. Stevens' husband, Francis, 37.

## Pope Suspends Celebration of His Anniversary

## By FRANK BRUTTO

VATICAN CITY (AP)—Pope Pius XII in an unprecedented action today suspended the celebration of his coronation anniversary in "biterness, sadness and outrage" over the conviction of a bishop on charges of defaming an Italian couple.

The celebration was to have been held on March 12, the 19th anniversary of his coronation as head of the Roman Catholic Church.

The dramatic action was the latest development in mounting resentment in Roman Catholic circles.

The Vatican's brief communiqué announcing the Pope's decision said he had received expressions of grief and sorrow from many parts of the world.

These expressed sorrow over a Florence court's verdict Saturday against the bishop of Prato, Pietro Fiorelli. He was convicted on a defamation charge brought by a Prato grocer who professed himself an atheist and a former Communist.

The Vatican newspaper L'Osservatore Romano declared that members of the court may have incurred automatic excommunication for their action against the bishop. The bishop himself forgave them.

The conviction, handed down on the eve of the Pope's 82nd birthday yesterday, was reported to have left him grief-stricken. Some Vatican sources said he offered his birthday Mass for the convicted bishop, but this could not be confirmed.

The Pope observed his birthday quietly. He came to his window overlooking St. Peter's Square as he usually does and blessed a cheering throng of about 10,000 pilgrims, tourists and Romans. The day also marked the 19th anniversary of his election to the holy office.

## FUENTES TAKES OFFICE

GUATEMALA (AP)—Guatemala's new President, Gen. Miguel Ydigoras Fuentes, took office yesterday with a promise to end the custom of exiling political opponents and seizing their property.

"The political parties that opposed my candidacy can rest assured they will be protected by all the laws and civil rights due them," he declared in his inaugural message.

## Panmunjom Parley Ends In Deadlock

## By K. C. HWANG

PANMUNJOM, Korea (AP)—A six-hour Allied-Communist meeting on the possible return of two Germans and two Americans held in North Korea ended in a deadlock today over Red demands for negotiations between governments.

The Communists flatly rejected a U.N. Command proposal that the two American pilots and two West German passengers of the South Korean commercial airliner held in North Korea since Feb. 16 be handed over at once to U.S. and West German diplomatic representatives present at a meeting of secretaries of the Allied-Red truce commission.

The North Koreans demanded that arrangements first be worked out by meetings between officials of the United States, West Germany and North Korea, which would like to get recognition in any form from the Western powers.

After arguments lasting into the night, U.S. Navy Capt. George W. Kehl, the U.N. representative, told the Reds the Allied side "has no intention to arrange a political meeting between government representatives."

The session adjourned indefinitely.

The Communists also refused to treat with representatives of the South Korean Red Cross concerning the 30 Korean passengers on the plane.

## 16 Die Accidentally In State Over Weekend

## By THE ASSOCIATED PRESS

At least 16 persons died accidentally in Pennsylvania over the weekend, 14 of them on the highways. Three of the traffic accidents took seven lives—five women and two men.

The worst—two cars colliding head-on near Fairview in Erie County Sunday night—killed three persons. They were Mrs. Beverly Stevens, 31, of Girard R.D. 1; Francis B. Johnston, 36, of Wattsburg R.D. 5; and Johnston's 30-year-old wife, Gladys.

## Irene Declares She Is Definitely Going to Wed

NEW YORK (AP)—Irene Arzdi and her fiance Joseph Pinto say they are "definitely going to get married" despite the girl's cross-country walkout on their scheduled wedding nine days ago.

Why she chose a bus ride to Los Angeles instead of marriage to Pinto, Miss Arzdi wasn't quite sure when she got back to New York yesterday.

"I was in a daze half the time," she told detectives at a Brooklyn police station.

## Hollywood Gives Cohn Movieland's Largest Funeral

HOLLYWOOD (AP)—Hollywood gave stern Harry Cohn the biggest funeral in movieland history. The movie czar—his rule on Columbia's lot was as absolute as any monarch's—was entombed yesterday after rites attended by 1,500 of Hollywood's great and near great.

The turnout belied the legend that Cohn had built up about himself—a legend of fear and iron-fisted autocracy. The mourners included some of his most famous adversaries.

The setting was unusual—even for Hollywood. Cohn's funeral was held on Sound Stage 12 on the Columbia lot. It was fitting—a monument that he had built for himself.

As Danny Kaye said in the eulogy: "This (sound stage) was Harry Cohn's cathedral. This is where the fierceness of the flame that was within him burned some and warmed others."

The services were nondenominational. An organ played and a girl sang and another comic—Danny Thomas—delivered the only prayer. The only clergyman present was a Catholic priest there to comfort Mrs. Cohn and the three children, members of his parish. Cohn was born of Jewish parentage.

## Forecasting Service Does Not Fear Flood

HARRISBURG (AP)—The Federal-State Flood Forecasting Service predicted today that remaining snow cover in Pennsylvania would run off without any significant flooding of rivers or large streams.

## Local Flood Threat Goes Out With Ice

Warren's flood threat moved to Pittsburgh during the past weekend.

Allegheny River gauge stood at six feet, six inches today at noon, down approximately a foot from "high water" which crested near eight feet Saturday.

The water level rose from under three feet during the past week as drizzling rains speeded runoff of heavy snows. Gone with the flood threat from this area was ice which had covered Conewango Creek and Allegheny River.

The creek ice jammed for a time Friday afternoon and backed up water almost even with the dam adjacent to the Pennsylvania Gas Company building. However, at no time did the situation appear serious.

KITTANNING, Pa. (AP)—Observers kept close watch today on a huge ice gorge that has backed up the Allegheny River several miles north of this Western Pennsylvania town about 45 miles northeast of Pittsburgh.

They stood ready to alert residents of low-lying areas should the crunching jam break suddenly and send flood waters rushing downstream.

The jagged ice mass extends from shore to shore in the mountainous area near Mosgrove to a point below Rimerton, about five miles upstream.

Vernon Houghton, chief river forecaster in the Pittsburgh area, spent the night here to study the situation. He said possible flash flooding could occur should the jam break quickly.

Houghton said that in some places ice cakes 15 inches thick had tumbled onto secondary roads near the river, blocking traffic.

Early today on-the-scene observers said the situation seemed improved as the backed up waters apparently had cut new channels, allowing a safe runoff.

The ice is located between locks 8 and 9.

Houghton said there was little chance of flooding in the Pittsburgh area. Parking wharves along the Monongahela River, near the point where it merges with the Allegheny to form the Ohio, were closed as a precautionary measure but later were reopened. A river crest of 17 feet was expected in Pittsburgh. This would be about eight feet below flood stage.

## Seneca Falls, N.Y. Man On Trial for Slaying

SANFORD, N.C. (AP)—Selection of a jury begins here today in the trial of Frank Edward Wetzel, 36, Seneca Falls, N. Y. resident charged with murder in the pistol slaying of state highway patrolman J. T. Brown.

Wetzel already is serving life for slaying another highway patrolman, Wister Lee Reese, the same night of last Nov. 5 in a separate incident 60 miles away. He was convicted of murder in that case, but the jury recommended mercy, making the life sentence mandatory. The patrolmen were slain by a motorist they stopped for speeding.

EMPORIUM RADIO STATION  
EMPORIUM, Pa. (AP)—A cut in federal taxes would result in more small businesses opening, Sen. Barry Goldwater (R-Ariz) said yesterday on a premier broadcast over Emporium radio station WLEM.

"If the federal government would play its full part in the free economy of reducing unnecessary expenditures and reducing taxes, more small business would start projects similar to this broadcasting company," the senator said.

## CHAIRMAN IN CHARGE OF HOUSE COMMITTEE URGES INQUIRY INTO ACTIVITIES

## BULLETIN

Washington, (AP)—The chairman of the House Committee investigating the FCC said today he will seek to impeach Commissioner Richard A. Mack, and that "certain senators" who intervened in a Miami television case are going to have to come before the committee.

Chairman Harris (D-Ark.) made this pronouncement after G. T. Baker, winner in the TV case rocked by charges of influence, protested that it appeared Mack was to be crucified while others escaped.

Baker demanded that senators and others be investigated for what he called their improper activities in behalf of a rival applicant for the TV license.

Harris told Baker he was going to try to re-establish the confidence of the American people in the FCC.

"Just as soon as I can get to it, I am filing a resolution bringing about the impeachment of Mr. Mack," Harris said.

Harris said Baker's statement was so strong that it appeared certain senators are going to have to come before the committee.

Baker, president of National Air Lines and its television subsidiary, had made his demands in a lengthy statement read to the committee.

"You have made a very interesting statement, Mr. Baker," Harris said when Baker finished his statement.

"As a matter of fact it is like some other statements that we have received—very revealing. You have made a very strong statement, in fact."

Harris went on that Baker's statement "confirms that something needs to be done. . . . You have stated that you wanted action and you're going to get it."

Harris said he didn't see how anyone or any side in the Miami Channel fight could be proud of the gyrations that went on.

Harris said also that Baker's statement confirms Harris' comment of last week that Mack was to be pitied.

Mack has remained publicly silent since he told the House Investigators last Friday he would seriously consider demands that he resign. The demands came after several weeks of hearings on the role played by Mack in the Miami TV fight.

Baker spoke of Mack as being broken and asked what about others involved in the case.

Specifically, he demanded investigation of what Sens. Kenefauver (D-Tenn.), Holland (D-Fla.) and Smathers (D-Fla.) did (Turn to Page Three)

## British Expedition Arrives at Scott Base

AUCKLAND, New Zealand (AP)—Dr. Vivian Fuchs says the idea he might fail to cross Antarctica never entered his mind, but he sometimes wondered how long it would take to make the hazardous 2,150-mile trek.

## Leader Still Hopeful That Dilworth Will Be Candidate

## BULLETIN

Harrisburg, (AP)—Gov. Leader said today it was "a safe assumption" that he won't run for the U. S. Senate unless Democrats slate a gubernatorial candidate from a list of four possible prospects. He identified them as Mayor Richardson Dilworth of Philadelphia, Mayor David L. Lawrence of Pittsburgh, Sen. Clark (D-Pa.) or Atty. Gen. Thomas D. McBride. The governor made the statement to newsmen as Democratic slatemakers gathered for closed meeting to pick a statewide organization ticket for the May 20 primary.

By LEONARD A. UNGER  
HARRISBURG (AP)—Gov. Leader put the power and prestige of his office on the line today in his fight to draft Mayor Richardson Dil-

worth of Philadelphia as the Democratic organization candidate for governor at the May 20 primary.

Party leaders, including Mayor David L. Lawrence, Pittsburgh, and U.S. Rep. William J. Green Jr., Philadelphia chairman, had this blunt notice from the governor as they were called into another slate-making conference:

"Any report that I have given up hope that Mayor Dilworth will be a candidate for governor is completely erroneous. I emphatically disavow any such report as absolutely unfounded."

Dilworth, himself, hinted that he still is open to a draft although he took himself out as a candidate two weeks ago. At Reading Saturday night, Dilworth said there must be a "real demand" for him to run for governor before he resigned as mayor of Philadelphia.

Last night Leader reassured he believed Dilworth "is still interested" (Turn to Page Three)

### Marlow Looks At TODAY'S NEWS

By JAMES MARLOW (AP News Analyst)

WASHINGTON (AP) — Are you expecting a tax cut that will put more spending in your pocket? Don't Not yet anyway. Not unless the recession gets a lot worse.

The Eisenhower administration takes a dim view of any tax reduction now, although President Eisenhower has denied that he considers it a last resort to be used only if other antirecession measures fail. Key members of Congress talk the same way.

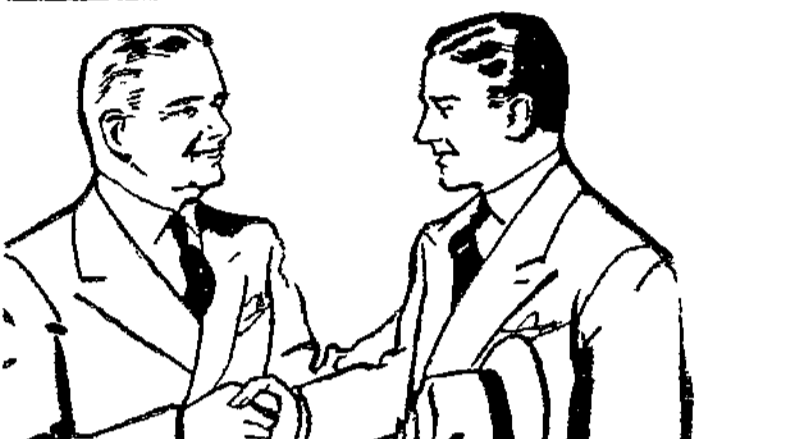

One main argument for a tax cut now. It would give people more money to spend thus increasing demand for the things they want. This in turn would create more jobs for people to make the things wanted.

Two main arguments against: 1. The nation is in the somewhat ridiculous position of having a recession and inflation at the same time. Prices are not coming down even though unemployment has been increasing.

Therefore, more spending money creating greater consumer demand, might boost living costs still further.

2. The government has record peacetime expenses may have to increase them by big public works programs to create work and jobs. The government wants to meet expenses out of current revenue.

A tax cut, with expenses climb

## The pleasant side of lending money

To US, the business of lending money is a friendly, human business. And that's how we want to keep it. We like to supply money to help others carry out their plans, to help them get medical attention or to improve their homes. And we're glad so many people like the way we do business.

ing, would throw Uncle Sam into the red.

At his Feb. 5 news conference Eisenhower said a tax cut "could be" an antirecession weapon and would give the economy a shot in the arm, but he mentioned also the possibility of going too far. It added up to nothing firm.

When he met with newsmen Feb. 26 he was a little more to the point. He said there was a "possibility" of a tax cut if there is any deepening of the depression that requires it.

But he appeared to regard it as something still far off. Secretary of the Treasury Anderson has taken the same position in a number of public statements.

Last week some of the most powerful voices in Congress — in the field of economics — came out for various antirecession steps before any tax cut is tried.

They were members of the Joint Economic Committee, made up of 13 Democrats and Republicans from House and Senate. One member, Sen. Douglas (D-Ill.) was, however, emphatic in calling for tax reductions now.

The Council of State Chambers of Commerce and 11 Democratic state governors have called for a tax cut. But neither Eisenhower nor the Republican leaders in Congress were responsive. On the contrary.

On Feb. 18 those leaders met with Eisenhower and his key Cabinet advisers at the White House and came away bushing aside tax-cut talk at this time.

## "Garbage-Dumping" in Pleasant Must Stop

Pleasant township supervisors, Rex Confer, Floyd Nollinger and Richard D. Arnold, announce that "garbage-dumping" restrictions are to be enforced to the fullest extent of the law in that district.

In several sections of the township, they state, unsightly and unhealthful heaps of refuse have become the concern not only of the supervisors but of State Highway Department officials.

In one instance at the back of Oakland cemetery, a refuse dump required the use of a big Highway Department bulldozer to clear and cover. The following day, some thoughtless litterbug started another collection.

Trespass signs have also been torn down and destroyed. The supervisors report and this is only one of such situations along township roads and on

## Spartanburg Man Held In \$10,000 Log Theft

Theft of between \$8,000 and \$10,000 worth of cherry veneer logs from a McMillen Lumber Products Corporation cutting project in Elk County was cleared up last week when Charles H. Parry, 51, of Spartanburg, pleaded guilty to the charge before a Ridgway peace justice.

Parry, a former log skidder for the Sheffield firm, was arrested in Sheffield by Police Chief Steve Hoden. He was brought to Warren Trooper station and turned over to Ridgway officers.

The prisoner being held in Elk County Jail at Kane, has confessed taking the logs from 75 to 100 miles away and disposing of them, telling buyers he had secured them from "small private cutting operations."

An attorney for McMillen is reportedly considering the possibility of legal proceedings against the regional lumber firms to recover value of the stolen logs.

## Kinzua Resident to Give Talk in Franklin

CORYDON — Richard Morrison, Kinzua, will be guest speaker at 8:00 p. m. Tuesday for a meeting of the Venango County Historical Society, to be held in the Franklin Public Library, and will relate some of his experiences in re-tracing the 250-mile trail followed by Philip Toms, leader of the final great elk hunt staged by Chief Cornplanter. He will illustrate with some of his beautiful slides, featuring Allegheny river scenery.

Mr. Morrison based his expedition on Philip Toms's original account from his book "Thirty Years A Hunter", first published more than 100 years ago. First editions of the book have sold for as much as \$700 and it is considered one of the rarest of early American historical narratives. Mr. Morrison is an especially able and entertaining speaker in the Warren county area.

Supplementing Mr. Morrison's lecture, Margaret Reid, of the Oil City High School, and a great-granddaughter of Philip Toms, will review "Thirty Years A Hunter" and discuss other historical writers of the Allegheny river country. Miss Reid and mother, Mrs. John Reid, spend the summer months in Corydon.

## Leader

ested in running for governor and if so, I'd be happy to support him."

Under the Philadelphia city charter, the mayor must resign immediately should he become a candidate for another office.

The Democratic situation, roughly, adds up to Leader, with the prestige and patronage of the governor's office on one side, and the so-called "old pros" in control of the party machinery, on the other, as regards Dilworth.

The governor, alone, has been considered for the party's nomination for the U. S. senate. But he is opposing the candidacy of Lt. Gov. Roy E. Furman, the only avowed candidate for the gubernatorial nomination.

Miss Genevieve Blatt, secretary of internal affairs, has been regarded as certain for endorsement for a second term. But the organization candidate for lieutenant governor has been left open until a decision is reached on governor.

No endorsements are expected at today's meeting of top leaders but a meeting of the party's large Policy Committee has been called for Wednesday to make such endorsements, if agreement has been reached by that time.

## Red Envoy

(From Page One)

Eisenhower and Dulles reportedly decided the proposition was a move in the right direction but does not go far enough. It was found wanting in these respects: 1. It made no provision for a substantial discussion of the issues which might arise at a summit conference but only for deciding which of them should be placed on the agenda.

2. It emphasized Soviet proposals for banning nuclear weapons, suspending nuclear tests, signing an East-West nonaggression pact and similar steps almost to the exclusion of Western proposals.

Meanwhile, it was reported that the administration is preparing to review and possibly revise its policy which now opposes suspending tests of nuclear weapons unless the Soviet Union agrees to a related cutoff in the manufacture of such weapons.

Dulles is expected to give this task to a group of citizens, all former high government officials, whom he named last week as advisers on disarmament policy.

Whiteside is a Miami lawyer and friend of Mack, who has testified he made loans and gave other financial assistance to Mack.

## Manufacturers Submits New Rate Scheduled to P. U. C.

Manufacturers Light and Heat Company has submitted new rates to the Pennsylvania Public Utilities Commission which will add about 40 cents a month for non-heating customers and about \$1.25 a month for a typical heating customer through an 8-month heating season.

The rates were designed to meet provisions of the Commission's order of February 13 which allowed the company a \$3,021,000 increase.

Manufacturers' application, made eleven months earlier, was to cover higher costs for labor, materials and supplies—and also for higher prices charged for gas by Southwest-ern pipeline suppliers.

Customers using gas for cooking and water heating only at a typical level of 5,000 cubic feet a month will pay \$5.35 compared with the old rate of \$4.95, an increase of 8%.

For a typical heating customer whose annual take is 240,000 cubic feet, current monthly consumption of 30,000 cubic feet will cost \$25.30. This is an increase of \$1.05 over the old rate of \$24.25, or about 4.3%.

Bills going out this week show the influence of weather running from 14 to 21 per cent colder than last month, company spokesmen said.

Pro-rated charges at net rates cover only a small portion of the period represented in bills received this week, they noted.

North's four-heart bid was a desperate attempt to shut East and West out of the spade suit and it succeeded admirably.

Every card lay right for them and they would have made four spades. As it was South was able to make four hearts by fine play.

The queen of diamonds was allowed to hold the opening lead and West played a second diamond. South decided that East was marked with the king of diamonds in which case the chances were that West would have all the other high cards for his takeout double. In that case an elimination play would be necessary and South saw that he could not afford the luxury of even one trump lead.

South played the king of spades and West was in with the ace. He led his jack of trumps and South won in dummy. A diamond was ruffed high, a spade was ruffed in dummy and the last diamond ruffed in his own hand.

Now he played a second trump to dummy, led a club and finessed the ten.

West was in with the jack but could not take another trick. A spade lead would allow South to discard a club from dummy and ruff with his last trump whereas a club lead would be right up to South's ace-queen.

South showed his hand and West conceded.

## CARD Sense

Q—The bidding has been:  
West North East South  
1♥ 2♣ 3♥ ?  
You, South, hold:

What do you do?  
A—Bid three clubs. If your partner has a spade stopper he can try three no-trump.

## TODAY'S QUESTION

The bidding continues with three diamonds by West, four clubs by North and four diamonds by East. What do you, South, do now?

## Catholic Press Month Reminder

While February was designated particularly as Catholic Press Month, its theme, "Get the Whole Truth—Read Your Catholic Press", is applicable all year long and is intended as "a positive stand to encompass the broad expanse of the Catholic Press."

Quoting Msgr. John S. Randall, president of the Catholic Press Association, "The Catholic press expounds and defends a great variety of truths in which the church is vitally interested. These include not only dogmatic and moral truths, but any aspect of reality, or truth, which affects man's destiny in time and eternity."

"The Catholic press is one of the most effective teaching arms the church has at her disposal. The average adult Catholic could not begin to cope with the subtleties of the propaganda he is exposed to today were not for the Catholic press. Surely, his failure to distinguish between right and wrong would be affecting his piety, his role as a parent and husband, and even his faith. The Catholic press serves the parish more effectively than does any other echelon of the church's structure."

## Amateurs Reminded to Ready Work for Show

Many amateur painters of Warren county are banishing winter weariness by readying work for the spring Talent Recognition Art Show sponsored by the Woman's Club. Any county resident may enter two pieces of work free of charge.

The committee for the 1958 show hopes many others will discover the satisfactions of painting as a creative use of time. The committee points out that painting and drawing are inexpensive recreations compared with some hobbies. Framing mounting required for the exhibit need not be expensive, since the purpose of the frame is to enhance the painting or drawing and not to compete with it.

The British author and critic, V. S. Pritchett, says that painting battles against the most subtle corrosive of peacetime life: boredom. He also has an answer for the person who declares himself too busy for recreation by saying, "When one part of our mind wears out, we can be strengthened, not by rest, but by using other parts."

"The advantage of painting is that, like some of the crafts, it calls on the part of the mind that directs hand and eye. And in doing so, once the plunge is taken, it increasingly absorbs us. It trains the memory, it relieves the tired brain by re-introducing it to life."

Asked to comment on the critic's estimate, one Warren county amateur shrugged and

We Could Never Do Without Men—That Is, Sometimes

MEN are wonderful—except at times like these . . . You show your husband something you picked up for a song, a bargain that would impress any woman, and when you triumphantly point to the price tag he asks innocently, "Is that good?" The painter just misses getting the shade of paint on the wall that will pick up a subtle accent color in the drapery fabric. As far as you are concerned the whole effect you are trying to achieve is ruined, but your husband says, "What's wrong with it? It looks fine to me."

You are expecting guests for dinner and are up to your elbows in cooking. So your husband comes home from the office early and decides to clean the garage, calling for you every five minutes to ask: "What do you want me to do with this?"

## HOW CAN YOU EXPLAIN IT?

YOU are barely on speaking terms with a woman who has more than once given you reason to resent her. After a few minutes of oh, so polite chatting with her at a party your husband says, "I don't see why you don't like her. She seems like a real nice person." You tell your husband you haven't a thing to wear to a party, meaning you haven't anything that is suitable. He wants to know why you don't wear "that blue dress" that no longer has anything to recommend it except that it is still the color of your eyes.

You drag your man to a party he doesn't want to go to on your promise that you'll leave early. Then when you tactfully tell your hostess that you have to leave to get the baby sitter home he looks surprised and says, "It's not that late."

Men are wonderful—except at times like these.

said, "Besides all that, it's a lot of fun. More people should try it, and those who have taken the plunge should keep struggling."

## Talented Players' Club Cast Earns "Well Done" in Public Production

Despite the fact that it was the second production of the "trial" category in the current season, "Witness for the Prosecution" drew good-sized audiences to the Woman's Club Thursday and Friday evenings, when Director Marie Hamilton chose the Agatha Christie thriller as the Warren Player's show for February.

Much had been made of secrecy which must shroud the climax if second-nighters were not to be let in on the dramatic ending, and reaction to Joan Kondak's piercing scream as Leonard Vole was struck down by his actress "wife" was all that either director or cast might desire.

While many of the roles for the large cast were minor in nature, all were done with the finesse one has come to expect of Players' public productions, and star performers' work was given spontaneous recognition by the large audience.

Headliners, of course, were Rachel Mahaffy Wood in the part of Romayne, wife of the accused; Frank Johnson as Leonard Vole, the man in the dock; Joseph Williamson as the defense attorney, Six Wilfred Roberts; and Bill Rice, originally cast as presiding justice but switched Friday night to the part of prosecuting attorney, Mr. Myers, after Dick Scallise gave a fine first-night performance but fell victim to

laryngitis. In the same category, Bill Hill, Sr., took over the duties of Justice Wainwright with the same short notice.

In a variety of other characterizations, the cast was completed with Dick Stone as Carter, a law clerk; Kay Hughes, as Greta, the receptionist; Chuck Selin, as Vole's attorney, Mr. Mayhew; Dave Smith and Bill Odell, as Inspector Heame and a plainclothesman; George Cunningham, the warder.

With the principals in the courtroom scene were John Swick, foreman of the jury; Dick Rapp, court usher; Don Norris, clerk of courts; Betty Rice, court stenographer; Ralph Odell, medical examiner, and Bill Odell, back as the police chemist; Helen Morrow, housekeeper to the murdered Miss Emily French; and Miss Kondak, variously described as the other woman and that strawberry blonde.

While Mrs. Wood, Frank Johnson, Bill Rice, and Bill Hill, Sr., have long been included in Players' long list of veterans and accepted trouper, their every appearance seems to add something new to their credit and their audiences never tire of finding their names in the cast. The same might be said of many of those who had lesser roles in this particular production; their years of experience in wide fields of dramatics helping them over occasional rough spots and adding finish to the whole.

The one newcomer among major participants was Joseph Williamson, and both Thursday and Friday night audiences were in accord that he not only did a magnificent job as defense attorney but seemed to thoroughly enjoy the never-ending attempt to rout the prosecutor, Mr. Rice.

Another difficult assignment was handed production staff members in this show, since the action switched from Sir Wilfred's chambers to Old Bailey, back to the lawyer's office and, again, to the courtroom, but here, as in costuming and lighting, the backstage crews earned the customary "well done."

## The Mature Parent

### Lesson for Parents Is Way Kids Deflate Each Other

BY MRS. MURIEL LAWRENCE

ONE evening Claire's homework included making a crayon map of her state.

She was carefully tracing a river in green when her little brother grabbed her other crayons. As she needed them to define the map's towns, mountains and other features, her face tightened in anger. But after a moment, she went back to work on her river.

Whereupon her little brother rushed back, gave her a sharp poke in the ribs, and yelled, "I've got your crayons!" He then ran to the kitchen door where he waited eagerly, his eyes dancing for response to this new affront.

In the living room Claire's mother said to her husband, "Chip is teasing his sister again. Stop him, Jim. He's got to leave her alone when she's doing her homework."

Chip was suppressed.

I WISH he hadn't been. If he'd been allowed to bait his sister again, a fine thing would have happened in her. Her anger would have overwhelmed her impression that she must always be "kind" to her little brother. She'd have jumped from her chair and given Chip what he wanted—a good bawling out.

Chip is a better friend to his sister than her parents are.

He knows there is something wrong and artificial about her rigid self-control. As a healthy little boy, it makes him uncomfortable. So he teases Claire constantly in the hope of wringing a genuine response from her.

WE blind adults can learn much from the way brothers and sisters treat each other.

If Bill gets all puffed up over making the school ball team, it will be his little brother who brings him back to earth by sneering, "Who do you think you are—Yogi Berra?" Let Sally get all moony over some movie star, and it will be her brothers and sisters who giggle at her wasteful infatuation.

Where we are blind to Bill's exaggerated pride and Sally's dreaminess, our children will instantly register them as undesirable, and by their spirited behavior demand correction.

While Claire's parents ignore her over-controlled shyness, her little brother is waging good battle against it.

## 25c Reduction Announced in Pa. Grade Crude

A reduction of 25 cents in the price it will pay for Pennsylvania grade crude oil was announced Friday by the Quaker State Oil Refining Corp. of Oil City.

The new price in the Middle District, which includes the Warren region, will be \$4.22 a barrel, effective today.

Also announcing a similar cut in the price after Quaker State took the lead was the Pennsylvania Refining Co. of Butler. Other firms in this district, which are expected to follow suit, are the Wolf's Head Oil Refining Co. and the South Penn Oil Co., both of Oil City; the United Refining Co. of Warren and Franklin Creek Refinery of Franklin.

The change is the second consecutive cut. The previous reduction was for 23 cents effective July 26, 1957. Before that, the price had been boosted 11 consecutive times to a high of \$4.70 a barrel.

F. O. Koontz, president of Quaker State, issued the following statement on the reduction: "The reduction was made necessary by the depressed prices of Pennsylvania petroleum products. The high crude runs in the United States and a large inventory of refined products, coupled with excessive imports of foreign crude and distillates, have so depressed the prices of products made from Pennsylvania crude oil as to most seriously affect profit realization to the refinery."

The Quaker State price reduction came on the heels of an announcement by that oil company last Tuesday that it was planning a curtailment in operations at Farmers Valley and Emlenton refineries because of economic conditions "beyond the control of the company."

It was announced today that the United Refinery of this city will meet the reductions as posted Saturday.

**Tavern Offers Free Coffee For 'Tipplers'**

**KANSAS CITY, Mo.**—That familiar "one for the road" was available at some Kansas City taverns New Year's Eve.

But, in this case, it was a cup of coffee and free at that.

A liquor distillery, a distributor and a wholesaler made the free coffee available at about 150 taverns, 20 service stations and 14 parking lots. "One for the road," and

"make it coffee" makes this dog almost laugh. Who do these saloonkeepers think they are foolin', anyhow. Surely not the one who is taking that "one for the road," nor the humans who do not drink. They're not foolin' them, either. I'm only a dog and don't drink, and even I know that after one has tanked up on booze, drinking one cup of coffee ain't gonna help any.

**RAGS**  
Clayton M. Wallace, Dean of the Pennsylvania School of Alcohol Studies in his orientation lecture gives some current alcohol problems which trouble church and society today.

Alcoholism is now rated the third most serious public health problem. We are told there are more than 4½ million alcoholics — men and women to whom alcohol is the most important thing in life. There are more alcoholics than there are people in Oregon, Wash., Idaho and Montana. Students of the problem tell us that for every alcoholic there are at least five others whose lives are adversely affected by alcoholism, or a total of 25,000,000 persons affected. They want our children. Do you have any one to give?

There is evil not alone in evil doing, but in doing nothing about evil.

# Dragons Take Thriller From Meadville 45-43

## Last-second Shot by Monroe Gives Warren First Win Over Bulldogs in Past Eight Years

A driving lay-up by Nick Monroe with 23 seconds of playing time left earned Warren a hectic, spine-chilling 45-43 Section 2 league victory over the Meadville Bulldogs Friday night on Beatty Court. The tremendous triumph, witnessed by a capacity crowd, snapped Meadville's domination over the Dragons that had reached 15 games in an eight year span. It also enabled the charges of Coach Joe Massa to close out the season with an imposing record of 15 wins as against 6 losses. In league action the locals sport a log of 6 and 4 good for third place. Considering the overall strength of the league teams, and with only one letterman around which to build, the Blue and White cagers did well.

From the time Nick Monroe looped his corner jump shot to open the scoring parade, until Bill Chisholm hit on a short jump shot with minutes left to tie at 39-39, the Dragons led the Bulldogs. At various stages in the spirited battle Warren was out front by nine to twelve points. Midway in the third period the Dragon forces enjoyed a 35-23 advantage. However, Warren's driving dervish, Jack Karkosky, fouled out with one minute left in the third stanza and Meadville began its move. With the ubiquitous Karkosky on the bench, the Dragon's offensive maneuvers faltered and the team concentrated on defense to thwart the desperate Bulldog surge and win 45 to 43.

With the atmosphere charged by the spirited fans, the game had all the color, drama and spectacle of a championship affair. The Bulldogs, reigning kings of Sectional play for seven years, resorted to a trick employed by the famed Harlem Globetrotters entering the floor by crashing through a paper basketball enlarged to a dia-

meter of six feet. Warren fans sensing a magnificent battle, sat back with an air of expectancy for the shrill whistle of the referee to call the teams to battle.

Warren, jumping off to 4-1 lead dominated the play except for the Bulldog's closing rally. After Monroe opened with his bucket, Karkosky hit on a set. Arrigan posted a foul for Meadville's initial tally, and from there Warren pulled away to a 14-7 first quarter lead, chiefly on Karkosky's three baskets and Nicky Creola's two fast break lay-ups.

With talented Karkosky spearheading the attack, Warren upped its half time advantage to 29-20 on three goals, two by Creola and one each by Monroe and Brumagin. Meanwhile Warren's switching man to man defense throttled the Bulldogs offense limiting the usually high scoring to Nick Creola on a couple of beautiful give and go plays and also initiated the fast break attack. Mervine also did a notable defensive job on Arrigan, holding the strong Meadville pivot to two goals.

In the opening moments of the quarter, Miller shot a foul to make the score 29-21. Karkosky scored on a jump to widen the spread at 31-21. Peters and Bill Brumagin exchanged fielders and Nick Creola hit on a beautiful drive to make the count 35-23 Warren. This was the widest margin during the contest and it appeared that the Dragons were safely home. In the closing minute of the third quarter goals by Arrigan and Eubanks got the Warren lead to 35-28.

When Karkosky, who had tallied 15 points, committed his fifth personal with one minute left in the quarter fans began to sense trouble brewing. Adding further woes was the fact that Bill Brumagin was handicapped by four personals. Meadville, aware of Warren's precarious position, got instructions from the bench to employ driving lay-ups against the locals to draw fouls.

Meadville quickly closed the gap at the start of the fourth period by scoring five points before Creola retaliated with a jump shot to make the score 37-35 Warren. Pero's three points and a push by Miller tied the score at 39-39 with 3 minutes to play. It appeared that the junior-studded Dragons would fold under the pressure applied by the experienced Bulldogs and the screaming crowd. However, Don McKelvy faked beautifully to tally giving Warren the edge 4-9. Pero came back to tie at 41 on two fouls. Bill Brumagin's penalty shot got the lead back at 41-41 with a 1:05 left to play. Pero, stole the ball and went in for a lay-up to make it 43-42. With bedlam breaking loose, the Dragons got possession. Mervine passed to Creola and dribbled down the right side, pivoted and passed to Monroe. Nick hesitated briefly and then drove magnificently for the lay-up that cast him in the hero's role and give Warren a hard earned victory. To add icing to the sweet victory, Bill Brumagin was recalled from the locker room to convert a foul shot for the 45th point.

Nick Creola led the Warren scorers with 16, one more than Karkosky. Tony Pero was Meadville's big gun with markers. Subanks had 11.

Participating in a well received trampoline exhibition between the JV and varsity game were Jim Tinelli, John Carter, Don Anderson, Tom Fadale, Allen Buerkle, Nancy Goodwill, Penny Gigliotti, Linda Whitehill, Priss Ross and Pat O'Hara. Hal Miller and Phyllis Putnam of the physical education department directed the show.

## Sugar Hart Faces Clarence Harris At Arena Tonight

By JACK HAND

The Associated Press

Sugar Hart, sleek Philadelphia welterweight, will be after his seventh St. Nicholas Arena victory tonight when he faces Clarence (Duke) Harris of Detroit.

Hart is unbeaten at the small New York club. In fact, he has lost only three of 27 pro starts.

Harris, 25, has a 23-5-1 record, winning two of three last year. This will be his first New York appearance.

The bout will be televised (DuMont) in some sections.

The Wednesday night fights (ABC-TV) will present the Western Golden Gloves finals from Chicago Stadium for the second year.

Tentative plans call for title bouts in the 147, 160, 175 pound and heavyweight divisions to be seen. Other three-round championship fights may be carried if time permits.

Ike Chestnut of New York and Harold Gomes of Providence, R. I. meet in a featherweight match Friday at Madison Square Garden.

Chestnut, stopped out cuts by Ricardo Moreno in November, is ranked among the top five in the class. Moreno went on to a title match with Hogan (Kid) Bassey, set for Los Angeles April 1.

The fight will be carried on network (NBC) radio and television.

Archie Moore, the world light heavyweight king, takes on Bert Whitehurst again in a non-title bout Tuesday at San Bernardino, Calif.

Gene Fullmer, still hoping for another crack at the middleweight title he held briefly, faces always dangerous Milo Savage in Milo's home town, Salt Lake City, on Monday.

Davey Moore, of Springfield, Ohio, feather who is No. 1 challenger in Ring and No. 3 in the NBA, boxes Thursday at Los Angeles against Vince Delgado.

Fullmer Tries Another Comeback This Evening

SALT LAKE CITY (AP)—Ex-middleweight champion Gene Fullmer, 26, stakes his prestige and claim for a shot at the title tonight in a 10-round bout with ring-wise Milo Savage, 32.

Fullmer will be pitting his youth and stamina plus a "secret" offense cooked up by his manager against the punching prowess and ring tricks Savage has picked up in 87 pro fights dating back to 1945.

The bout has been dubbed a grudge battle between two backyard rivals.

## Springfield Indians Clinch League Title

By THE ASSOCIATED PRESS

The improving Springfield Indians have just about clinched an American Hockey League playoff spot and are even making threatening gestures at third place.

The Indians, bolstered by late-season help from the Boston Bruins of the NHL, swept their weekend series from Providence and moved to within five points of the Reds.

Springfield, cellar occupants a good deal of the campaign, tripped Providence 5-3 last night after shading the Reds 2-2 the previous evening. The Indians lead the fifth-place Rochester Americans by eight points for the final playoff berth.

The Hershey Bears maintained their slim grip on first place with a 3-2 overtime victory over Rochester while the runner-up Cleveland Barons kept pace by whipping the tail-end Buffalo Bisons 4-1 in other games last night.

By ED CORRIGAN  
The Associated Press

With coveted berths in the NCAA Tournament at stake, no fewer than five major conference races remained far up in the air today as the basketball season roared into its final week of regular play.

Actually, seven NCAA league champions still must be decided, but the Southern and Atlantic Coast conferences send the winner of their annual tournaments.

West Virginia, which has won 33 straight games, is expected to represent the Southern Conference.

Duke is the favorite in the ACC, but North Carolina, North Carolina State or Maryland could come out on top.

## Northern Area Joint Board Reviews Many Problems

Department of Public Instruction approval in the form of a letter from Deputy Superintendent Ralph C. Swan and assurance of supplemental payments due the jointure and payable in 1958-59 were among principal business items handled by Northern Area Joint School Board at its monthly meeting.

Dr. Swan's letter also pointed out there is still lack of sufficient personnel, the teacher-pupils ratio indicating too many pupils per teacher employed, and indicated the Department will insist on correction of this situation if full state reimbursement is to be accorded in subsequent years.

Board approval was given

employment of Douglas Ott to teach 10th grade history and English; Carmen Livezey to teach afternoons in relief of principal Harold Landin and Assistant John Binney to allow them more time for administrative duties during the illness of Supervising Principal Everett Landin; also a contract for Oras Pratt to serve as custodian at Lander School succeeding Raymond Mahan, who resigned.

Members reviewed briefly the policy of school operation in periods of inclement weather and it was decided to continue having school on such days unless state-maintained roads become impassable. Instructions to bus drivers concerning hazardous driving conditions were also reviewed.

The building committee's report, presented by Alden Abbott and Norge Luvison, included a meeting they attended in the offices of the State Public School Building Authority in Harrisburg. As a result, several building matters were referred to the committee for further study.

A resolution was passed formally requesting the State Authority to hold for further projects the unexpended balance of funds allocated for construction of Eisenhower High School.
